

Grade	Code	AISI	Cold Work Tool Steel
1.2083	X40Cr14		

Steel Properties

Tool steel with high dissolved Cr – content in the matrix, through hardenable, high wear resistance, corrosion-resistant, good polishability.

Chemical Composition

C	Si	Mn	Cr	Mo	Ni	V	W	Co	Sonst.
0,40	< 1,00	< 1,00	13,5	-	-	-	-	-	-

Suitable for:

Moulds, tooling and inserts for processing plastics with corrosive reactions, moulds and pressure tools.
